

# Zoom!

## Professional Whitening System

The Zoom! Chairside Whitening System is a safe, effective and fast, very fast. In less than an hour teeth become dramatically whiter. Zoom! Chair side whitening is ideal for anyone looking for immediate results.

The procedure is simple. It begins with a short preparation to cover your lips and gums, leaving only your teeth exposed. The Zoom! clinician then applies the whitening gel which was designed to work with a special light. The Zoom! light and gel work together to gently penetrate your teeth, breaking up stains and discoloration.

### FAQ

**Q: Who may benefit from tooth whitening?**

A: Treatment may not be as effective for some as it is for others. Your dentist can determine if you are a viable candidate for this procedure through a thorough oral exam, including shade assessment.

**Q: How long do the results last?**

A: By following some simple post whitening care instructions, your teeth will always be lighter than they were before. To keep your teeth looking their best we recommend flossing and brushing twice daily with toothpaste that contains whitening agents.

**Q: Are there any side effects?**

A: Sensitivity during the treatment may occur with some patients. The Zoom! light generates minimal heat which is the usual source of discomfort. On rare occasions, minor tingling sensations are experienced immediately after the procedure but always dissipate.
